

ENDOGLYPH LLC

CAPABILITY STATEMENT

Software, IT, telecom, and electronics solutions, based in Phoenix, Arizona.

COMPANY OVERVIEW

EndoGlyph LLC is an SBA-certified SDVOSB / VOSB based in Phoenix, Arizona. We help organizations get working systems in place faster: software that fits how people actually work, IT that stays reliable, and the equipment and connectivity to run it.

CORE CAPABILITIES

- **Custom software development** — applications and internal tools that are easy for everyday users, reduce manual effort, and are documented for clean handover.
- **IT services** — dependable support and systems work that keep operations running and reduce downtime.
- **Integration and automation** — connecting existing systems and data so teams work from one picture, and automating repetitive steps to cut errors and turnaround time.
- **Telecom and electronics solutions** — practical communications and electronics work, from planning through delivery.
- **IT, electronics, and telecom equipment resale** — sourcing and delivering the hardware a project needs, alongside the services to put it to work.

DIFFERENTIATORS

- **SBA-certified SDVOSB / VOSB** — eligible for veteran set-aside and sole-source opportunities.
- **Problem-solving first** — scope follows the operational problem: usability, reliability, integration, and testability.
- **Built for the people who use it** — clarity over novelty, especially for non-technical users.
- **Prime or teammate** — prime on appropriately sized efforts; subcontractor or teaming partner on larger programs.
